

# SINFONIAACOUSTIC CUBE

Transparent acoustic curtain; Digital print with a large repeat on our acoustic Sinfoniacooustic quality. The design in Cube is a delicate interplay of coloured surfaces and overlapping colours. Large, rectangular shapes with occasional overlaps form new tones and shapes to generate a subtle area of colour nuances. The designed and efficient acoustic fabric can be used for applications in the contract sector – such as in offices, clinics, retirement homes – as well as for private residences. It is available in four muted colour settings: pink, glass, beige and green.
